

Piqua City School District
RTD - Record Form- Tier 1

School: _____ Grade Level: _____

Teacher(s): _____

Administrator: _____ Meeting Date: _____

The RTD team should review the Tier 1 Core Curriculum Instructional Program. The Tier 1 Core Curriculum Instructional Program should be effective for approximately 80% or higher for the class / grade level. If not, the team needs to review instructional practices and make adjustments to the Tier 1 Core Curriculum Instructional Program before moving students to Tier 2 interventions.

Please list the percent of students in this grade / class level achieving grade level benchmarks.

Grade Level Content Area	Percent Achieving	Data Tool Used

Should students at this grade and / or class level fall below the goal, please use the following checklist as a discussion tool about the Tier 1 Core Curriculum Instructional Program. These are effective instructional practices that should be evaluated first when discussing grade / class level achievement concerns.

- Daily Direct Instruction Time Based on K-2 CCSS
- Daily Direct Instruction Time Based on 3-12 Ohio 2002 Standards
- Implementation of PCS Adopted Curriculum Tools
- High Expectations Set for ALL Students
- Classroom Management Plan
- Regular Formative Assessment
- Co – Teaching Classroom
- Scaffolding Techniques Used to Deliver Instruction
- Individual Student Inventory Used to Influence Teaching Practice
- Regular Parent Communication
- Coordinated Support Services (IS, Guidance, Nurse, SLP, OT or PT)

After discussing, please answer the following questions.

List content areas below target goal _____

List what instructional practice changes will be made, please be specific.

List who will be responsible for implementing change, please be specific.

What data tool will you use to progress monitor change and how frequently will the team collect data?

When will the team meet to discuss results of change?

★ Please provide a graphic representation of change effectiveness by comparing baseline to current change data each time the team meets to discuss results.
